

REMARKS:

The Office Action dated March 19, 2007, has been carefully considered. In response thereto, the present paper, which is believed to be fully responsive to that Office Action, has been prepared.

Claims 1-41 were presented in the original application. Claims 16-18, 21-24, and 36-38 were previously cancelled, without prejudice. Claims 19, 20, 25, and 39-41 have been cancelled by way of an instruction in this paper, also without prejudice. Thus, upon entry of this paper in the record, claims 1-15 and 26-35 will be pending in the application.

In the Office Action, the Examiner has rejected claims 19, 20, 25, and 39-41 under 35 U.S.C. § 103(a) as being unpatentable over U.S. Patent No. 5,757,933 to *Oh et al.* in view of U.S. Patent No. 5,779,745 to *Kilstrom* and U.S. Patent No. 6,436,160. As noted above, those claims have been cancelled without prejudice as to Applicant's right to re-file the claims in a separate application, thereby rendering the rejection of the claims under § 103(a) as moot. Accordingly, reconsideration and withdrawal of the rejection of claims 19, 20, 25, and 39-41 under § 103(a) are requested.

In view of the fact that only allowed claims are pending in the application, expedited handling and issuance of a Notice of Allowance are hereby respectfully requested.
